HERE IS WHAT MOST WOMEN ASK ME.....

- ◆ **I don't have enough TIME:** After years of mentoring women with very full work lives and home lives I have found a very profound common denominator, women make time for what they value most. If is important, they will find the time.
How important is it?

- ◆ **I am too SHY:** Women don't enjoy being shy and I think as adult women it is very important to work through this as we are called to be impactful to not only our families but all those that are put in our space. We limit our impact greatly when we camp here and don't do anything to overcome it.

- ◆ **I DON'T KNOW ENOUGH PEOPLE:** Does your phone have more than 5 women's phone numbers in it? You know enough people and I can show you how.

- ◆ **MONEY:** When a woman doesn't have \$100 to spend on an opportunity to change her life then I know she better run and find it. A woman who truly desires change will find while one who doesn't stays in a place of lack. Most in this position are in generational bondage of broke, many generations of living broke until one rises up and changes. I am glad I was that one.

- ◆ **NOT THE SALES TYPE:** Good because our product is consumable and so it is about relationships. Most women value relationships and we love to buy from people we like.

- ◆ **I FIND WOMEN ARE IN ONE OF TWO PLACES, THEY HAVE PLENTY OF MONEY AND DESIRE MORE TIME OR THEY HAVE PLENTY OF TIME AND DON'T HAVE ENOUGH MONEY TO LIVE THE LIFE THEY DESIRE.**
