We are going to keep things simple and help you get results. This is a combination of different scripts, coaching systems and hostess programs. **The idea is to connect with each potential guest through two methods of communication (ie. Text, Facebook, Email, Voxer, Phone Call, In Person etc) each time.** How they respond to you is likely their preferred method of communication.

COACHING STEPS:

- 1. Booking & Hostess Program** – Coaching starts at the time of booking. The main question is –What is in it for her? There are a gazillion hostess programs out there. The most important thing is to pick one that you are excited about. We've included a few examples of popular hostess programs in this packet. At the time of booking, go over your hostess program with her. Explain clearly what you are going to do to help her party be a success and get the maximum hostess rewards for her and clearly explain what you expect her to do to earn her hostess rewards. Set a time to get her guest list, invite and confirm her guests.
- 2. Getting the Guest List** – It is critical that you get the guest list from your hostess. This will ensure that you can successfully book guests for her party. Even if the party does not hold, you will have a list of referrals you can contact. Make sure her list includes at least 25 people older than 18 without a current consultant. If your coaching is on point, you should have at least 5 people in attendance at each party. Give an incentive for getting the guest list to you within 48 hours. Set an appointment to remind her at 36 hours.
- 3. Inviting Guests** – There are several different ways you can invite your hostesses guests to the party. **Again, we suggest using at least two methods of communication each me you attempt to contact them.** Popular methods include invitations sent by mail and email, Facebook events, invites by text, Voxer and private Facebook message. You can also create an invitation using free apps like Pic Collage or Publisher, email, text or post it on your hostesses Facebook page and having her tag all of her friends. From there you can private message each guest.
- 4. Pre Profiling Guests** – Pre Profiling is communicating with your potential guests to establish a relationship of trust and gather information to help make the party a success. **We recommend using at least two methods of communication each time you attempt to contact your guests.** Be friendly and a create a relationship of trust. If they feel like they know you and you care about them, they will show up. We have included pre profiling questions for each type of party you can hold.
- 5. Confirming Guests** – The day before the party contact each guest that hasn't said no to confirm they will be attending. Give a brief description of the importance of arrival and ending times and send directions. Share your excitement in meeting and having the opportunity to pamper them.
